GTM data scientist and engineer with a data-analytics background, supporting every go-to-market function. I build GTM engines from the ground up: prospecting, enrichment, scoring, lead routing and outbound, always with revenue as the north star.

EXPERIENCE

Snowplow Jun 2025 - Present
GTM Data Scientist / Engineer

- Built the GTM engineering function and engine from scratch.
- Shipped an account fit score and account/contact engagement scores used company-wide for prospecting, lead routing and prioritisation.
- Automated multi-provider enrichment and net-new account discovery with an AI prospecting agent: +30% more tracked companies and email bounce cut from 8% to under 3%.
- Increased outbound volume 5-fold and democratised campaign creation, dropping time-to-market from 3 days to 30 minutes.

Gorgias Aug 2023 - May 2025
GTM Data Scientist

- Built lead intent and account fit scoring models used company-wide to shape GTM strategy.
- Fully automated outbound from prospecting to AI copy to lead routing: up to 700K+ leads/quarter, generating \$1.5M+ in quarterly pipeline.
- Built an A/B testing framework (inferential and Bayesian) for demand-gen, lifting pipeline +15%. Partnered with Demand Gen, Partnerships, Events, Sales and PMM.

DareData Feb 2022 - Aug 2023
Data Analyst to Data Scientist

- Advanced-analytics data scientist for the world's second-largest beer producer.
- Route-optimisation model (Google OR-Tools) that increased account managers' client visits by +40% nationally; plus a price recommender and a customer-segmentation model.

Leroy Merlin Oct 2019 - Aug 2021
Business Manager

- Owned B2B and B2C strategy and P&L for an area doing 5.5M EUR/year in sales. Managed a team of 12.

TEACHING

Analytics Accelerator May 2026 - Present
Mentor / Teacher

- Mentoring people moving into data-analyst roles. Average time to a new job: 2.5 months; average salary increase: 32%.

Ironhack Feb 2022 - Jun 2025
Lead Teacher, Data Analytics

- Mentored 190+ students across 8 cohorts in Python, SQL, data manipulation, visualisation, statistics and machine learning. Promoted from Teaching Assistant to Lead Teacher.
